Reports to: Community Health Education and Outreach Program Coordinator

Employment Status: Full-time position

Location: Various throughout Lake County

About Mano a Mano

Founded in 2000, Mano a Mano is an immigrant-based community development organization whose mission is to empower immigrants and families of Lake County, Illinois, to become full participants in American life by providing quality programs and services that educate and establish links to essential community resources. We implement this mission through our four programs: Healthy Families, Productive Parents, Successful Children, Democracy in action, and Engaged Citizens. Our work is sustained by our respect for human dignity and our belief in the equality of all people.

POSITION SUMMARY: The Community Health Worker (CHW) will provide education on prevention in a caring and compassionate manner to community members. The CHW will work closely with other organizations and primary care teams to improve patient care and outcomes. The CHW will assess the needs of community members, provide referral support for health and social services, and follow up with community members on an ongoing basis. The CHW will work to decrease health disparities due to COVID-19 and underlying diseases and help advocate for prevention, access to testing, treatment, and care, and the integration of immigrants in health.

ESSENTIAL DUTIES AND RESPONSIBILITIES:

- Establish a relationship and connection with community members in an empathic way
- Assess and understand the health and social needs of community members
- Provide information on resources available in the community
- Collect and enter the data of the community members served in an accurate and timely manner in the database and protect the private information of community members and ensure that all data is secure and confidential
- Provide follow-up to community members by phone or other digital means to ensure they are receiving the support they need
- Promote preventive health guidelines and protocols and reinforce public health messages about COVID 19
- Participate in all required meetings and training related to the CHWs program
- Planning in-person outreach and education events
- Work and support the promotion of events and initiatives of the team of volunteers Mano a Mano Community Health Workers and work in coordination with them.

- Collaborate in organizing supplies for outreach events and participate in the creation of written materials and other resources to promote outreach events

Required skills:

- Ability to think critically and make decisions based on the information provided. Attention to detail, excellent organization, and time management skills.
- Ability to initiative and work independently with limited supervision
- Computer literate (Microsoft Word/Excel/PowerPoint/Outlook and Internet).
- Ability to work in a culturally diverse environment and possess the ability to interact in a professional, respectful, empathetic, and sensitive manner. Knowledge of the culture and values of the local community.
- Ability to build relationships with different people, including community members, organizational members, and healthcare providers.

QUALIFICATIONS:

Must be fluent in English and Spanish; demonstrate excellent people and communications skills, sensitivity to people's needs, good understanding of immigrants' issues and the adult basic education field; must be a team player, self-starter, and computer literate. This is an entry-level and requires some college course in Social Work, Human Services, or a related field, one year of relevant professional job experience, or a combination of the above. The position requires experience working with immigrants and sensitivity towards immigrants' issues. Reliable personal transportation and a valid driver's license.

Physical Demands: While performing the duties of this job, the employee is regularly required to canvass the community, access community businesses and organizations, operate normal office equipment, and use a computer for extended periods of time.
